

"HAPPY NEW YEAR, MOTHER EARTH!" One of the weird inhabitants of Mars pictured sending a message across the thirty-odd million miles that separate him from old Mother Earth—a "still" from the new television motion picture production featuring Grant Mitchell and Margaret Irving which opened at the Selwyn last week. To each orchestra seat is attached a new electrical stereoscopic device through which one views the screen, characters and objects appearing just as they do in real life, and not "flat" as in ordinary "movie" photography.

TO BENEFIT ST. VINCENT'S HOSPITAL. A half dozen attractive misses from the J. or Auxiliary pictured rehearsing for their "Animated Bridge Dance" which will be given at the annual St. Vincent's Hospital reception at the Waldorf on Wednesday next. From left to right, the Misses Edwina Shibley, Mary Van Ellis, Lillian Moulton, Florence Cross, Charlotte Kingsley and Gertrude Kelly—and their instructor, Miss Mary Leslie.
